Chrome, Brushed Nickel

- The Moen Weymouth® and Arris® tub fillers complement both traditional and modern decorating tastes
- Moen's floor-mount bracket and installation system assures that the floor-mount tub filler will remain secure and "wobble free" for a premium fit and finish
- The floor-mounting system is easy and intuitive to install; no additional components required
- The product can be mounted on the wall (Weymouth only) or floor, depending on tub placement and preference
- Offers an optimum flow rate for quick tub filling
- The Weymouth tub filler trim comes with lever and cross handles that feature porcelain inlays (matching finish caps available)
- Includes coordinating hand shower
- Full line of matching bath and shower faucets and accessories
- Both below the floor rough-in manifolds come with built in stops, allowing the consumer or plumber to shut off the water to the tub filler for servicing without turning off the water to the entire bathroom or house
- Limited Lifetime Warranty
